# Generation Z Online Tutoring

With COVID-19 forcing the closure of libraries and schools, Generation Z tutors are going to be providing online tutoring to continue helping students learn and grow academically. There will be two online platforms we will be utilizing to make this happen: Skype and Zoom.

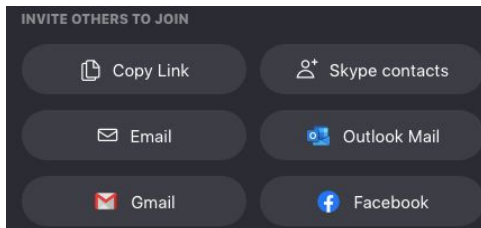

To get tutoring help with Skype:

1. Download the app on any device by scanning the QR code on the right or going to https://www.skype.com/en/get-skype/.
2. Sign in or create a new account with Skype. Make sure to not use your child's school account. Use your personal information. Let Skype access the camera, microphone, and contacts on your device.
3. To create a new call with your tutor, click the meet now button on your home page. Invite your tutor to join the call by using anything of the methods shown. Start the call and wait for your tutor to join.

4. To make this process even easier, **skip steps 1-3**. Get your tutor to create a call and send the meeting link to you, and you don't even have to have a Skype account to join!

1. Download the app on any device by going to the App Store, Google Play, or Microsoft. You can also use this link for all the ways to download: https://zoom.us/download.
2. Sign in or create a new account with Zoom. Make sure to not use your child's school account. Use your personal information. Let Zoom access the camera, microphone, and contacts on your device.

If you have any trouble with using these online platforms, email us at generationztutoring.rm@gmail.com.

3. To create a new meeting with your tutor, click the new meeting button.

4. Click the invite others button.

5. You can invite others by copying the invite link and sending that link to your tutor via email or text. You can also share the meeting code and meeting password with your

    tutor instead. Unmute your microphone and start the video . Wait for your tutor to join.

6. To make this process even easier, **skip steps 3-5**. Get your tutor to create a meeting and send the meeting link to you instead of creating the meeting yourself!

If you have any trouble with using these online platforms, email us at generationztutoring.rm@gmail.com.
